PER M²

Some properties ask you to compromise; this one mostly doesn't. A five-bedroom villa in a quiet pocket of Fuseta — 299 m² over two floors plus a panoramic rooftop terrace, on a 546 m² landscaped plot. Heated pool under a pergola, floor-to-ceiling glass to the terrace, ground-floor master suite.

Four upstairs bedrooms (three with balconies), air conditioning throughout, double glazing, gated parking. Energy rated B, free of encumbrances, move-in ready. Fuseta station is a four-minute walk — direct to Tavira and Faro — and the airport is under 30 minutes.
