PER M²

A lot of house for Tavira at this price. A four-bedroom semi-detached townhouse over four floors, built in 2008 to a consistent standard — 302 m² of build (193 m² habitable), south-facing, with a rooftop that carries wide views and a double garage at street level.

The master suite has its own bathroom, wardrobe, A/C and private terrace; two further bedrooms share a family bathroom and a terrace, one currently used as a living room. A 28 m² south terrace with barbecue, plus a large flexible room for a gym or games. Class B energy, individual heating throughout.
